Subject: RE: Verizon cable franchise

Ryan,

Thank you for the clarification of the status of the Verizon-Multnomah County Cable Franchise Agreement. Verizon has not filed an application for a cable franchise with Multnomah County, Oregon. Specifically, Verizon does not consider the email messages from Larry Manion to Sam Peterson attaching a proposed addendum or the Gresham Franchise Agreement to constitute an application for a franchise that would trigger the "shot clock". Therefore, Verizon does not consider the shot clock to be running.

Thank you.

Ramona L. Monroe
